<center>**SOFTWARE END USER LICENSE AGREEMENT**</center>

<center>**LICENSEE SHOULD READ CAREFULLY THE FOLLOWING TERMS AND CONDITIONS**</center>

This Software End User License Agreement ("Software EULA") governs the provision of software (the "Software") that has been identified in a transaction document that incorporates this Software EULA by reference (a "Transaction Record").

The Licensor under this Software EULA is the Acuity company specifically identified in one or more Transaction Records. The Licensee under this Software EULA is the individual or organization identified in one or more Transaction Records as "purchaser", "customer", "licensee", "end user", or with a similar designation. If no Transaction Records exist, Licensee's use of the Software will constitute acceptance of this Software EULA. By agreeing to this Software EULA on behalf of a company or legal entity, you confirm that you have the authority to bind them.

All capitalized terms not defined in this Software EULA have the meaning set forth in the Transaction Records. The Software is licensed not sold. The Software is provided to Licensee subject to the following terms and conditions, which define what Licensee can and cannot do with the Software and provide conditions and limitations on warranties and remedies.

1. **License.** Licensee accepts the terms of this Software EULA and will continue to meet Licensee's obligations hereunder, including without limitation, Licensee's obligation to pay for the Software if any, and Licensor grants Licensee, a non-exclusive, non-transferable, and limited license, throughout the term set forth in Section 3, to the most recent version of the Software which Licensor chooses to offer other parties under terms similar to this Software EULA at the time. Licensee agrees to use Software solely for Licensee's internal business purposes. To the extent that the Transaction Records identify one or more limiting metrics (e.g., square feet, number of end users, number of devices, etc.), Licensee agrees not to exceed those metrics.

2. **Third Party Use.** If a Transaction Record authorizes Licensee to utilize the Software for the benefit of visitors to and occupants of a specific location, Licensee may authorize those visitors and occupants to utilize the Software for that purpose. Otherwise, Licensee may authorize third parties (other than those engaged in competitive activities with Licensor) to utilize the Software solely when those third parties are performing activities in the furtherance of Licensee's internal business purposes and only where Licensee would have been authorized to perform such activities. Should Licensee choose to so authorize such third parties, Licensee will ensure that they understand that their performance is subject to compliance with this Software EULA and applicable provisions of the Transaction Records at all times and Licensee will remain responsible for the acts or omissions of those third parties in connection with the use of the Software. Licensee will, and will require all such third parties to, use all reasonable means to secure user names and passwords and maintain appropriate technical and organizational measures to comply with industry standard practices regarding security and secure facilities and systems from and through which the Software is accessed. Licensee will promptly notify Licensor if it knows or reasonably suspects that any user name and/or password has been compromised. Each account for the Software may only be accessed and used by the specific third parties for whom such account is created. Licensor retains the right to terminate third party use, including where authorized by Licensee, at any time and for any reason.

3. **Term and Termination.** Each party's obligations under the Transaction Records and this Software EULA will be binding upon them, respectively, and will continue for as long as there is any active License Term, as defined herein. The "License Term" will begin on the date the Transaction Records are executed. The License Term will continue for the period identified as the License Term. The License Term may be perpetual or may be tied to ownership of a particular piece of hardware. Unless otherwise agreed in the Transaction Records, a License Term will automatically renew for an additional period equal to the prior License Term unless either party provides notice of its intent not to renew no less than sixty (60) days before expiration of the prior License Term. Any renewal, regardless of whether automatic or agreed to in a Transaction Record, will be considered a License Term. This Software EULA will continue in full force throughout the stated License Term unless the License Term is terminated earlier as set forth herein. Either party may terminate a License Term for cause upon written

notice to the other party, provided that the terminating party provided the other party with written notice detailing that party's failure to comply with its obligations hereunder and provided that party with thirty (30) days to cure if the breach is of the type that is capable of cure. Notwithstanding the foregoing, Licensor may, without liability, immediately suspend Licensee or its user's use of the Software in the case such use is reasonably deemed to pose a security threat, constitute illegal activity, or is likely to cause immediate and ongoing harm to Licensor or others. Except as limited by local law, all License Terms will automatically terminate should Licensee voluntarily or involuntarily become subject to the jurisdiction of any bankruptcy court or insolvency court of any analogous procedure in the relevant jurisdiction. Any unpaid fees for a License Term will become immediately due and payable upon termination and Licensee will only be relieved of its obligation to pay through the end of the License Term where the License Term is terminated for Licensor's uncured breach. Upon termination of a License Term for any reason, Licensee will immediately cease using the Software and return any and all related documentation to Licensor, or, at Licensor's discretion, Licensee will permanently destroy all copies of the related documentation in Licensee's possession or control. Upon termination or expiration of this Software EULA all sections of this Software EULA which by their nature should survive will continue in full force and effect, including without limitation Section 3.

4.   **Fees.** Any fee for the Software will be set forth on the Transaction Records. There may be no separate fee for the Software, such as where the Software is provided as part of hardware. When there is an automatic renewal under Section 3 the renewal fee will be equal to the fees for the prior License Term plus the net change in the Consumer Price Index for All Urban Consumers (CPI-U) as reported by the U.S. Bureau of Labor and Statistics over the previous License Term. Unless stated otherwise on a Transaction Record signed by Licensor, all fees will be due within thirty (30) days of invoice. All fees not paid when due will be subject to interest at a rate equal to the lesser of one percent (1%) per month or the highest rate allowable by law. In addition to any other rights Licensor may have under this Software EULA, Licensor may suspend any or all Software for any account with fees that are more than thirty (30) days past due.

5.   **Changes to Functionality or Ongoing Access.** Licensor retains the right, in Licensor's sole discretion and at any time, to update and modify the Software, replace the Software with another product or Software, and discontinue making the Software available.

6.   **General Restrictions.** Licensee may only use the Software in accordance with the applicable documentation and this Software EULA. The Software is protected under copyright, trade secret, and other intellectual property laws. Unless otherwise agreed in writing by an authorized representative of Licensor in its sole discretion, Licensee may not (a) sublicense, reproduce, distribute, market, sell, transfer, or disclose the Software or its documentation except as set forth in Sections 1 and 2, (b) translate, modify, disassemble, or reverse engineer the Software or its documentation (except to the extent permitted by law), (c) create derivative works based on any portion of the Software or documentation, (d) obtain possession of any source code or other technical material relating to the Software or documentation, (e) use the Software other than in accordance with the applicable documentation and this agreement, (f) use the Software after expiration or termination of the License Term, (g) use the Software for the benefit of a third party (including through the operation of a software bureau) or otherwise use the software to directly generate revenue or otherwise directly commercially exploit the Software other than as permitted in Sections 1 and 2, (h) remove, alter, or obscure any copyright notice(s) or proprietary legend(s) contained on or included in the Software or its documentation, in each case as provided by Licensor.

7.   **High-Risk Restriction.** Licensee acknowledges and accepts that Licensor did not design, and does not warrant the Software for use in developing, or for incorporation into, products or services relative to or within applications or environments requiring fail-safe performance, such as in the operation of nuclear facilities, aircraft navigation or communication systems, air traffic control, life support machines, surgically implanted devices, weapons systems, or other applications, devices or systems in which the failure of the software could directly result in death, personal injury, or severe physical or environmental damage ("High-Risk Activities"). Notwithstanding any other provision of this Software EULA, Licensee may not use or authorize any third party to use the Software in connection with any High-Risk Activity.

8.   **Ownership.** Licensor, its affiliates, and/or its licensors are the owners of all intellectual property rights, including without limitation patent, trademark, copyright, and trade secret rights, in the software, the corresponding documentation, and the techniques and ideas embodied and expressed in the foregoing, including the structure, sequence, and organization of the software (collectively the "Program Concepts"). Licensee acknowledges that,

except for the limited purpose granted as part of the Software hereunder, Licensee has no rights in or to the software, any documentation, the Program Concepts, or any copies thereof. Licensee is not required to provide feedback or comments to Licensor about the Software, but to the extent that Licensee does so Licensee grants to Licensor a perpetual, fully paid, non-royalty bearing, worldwide, and unrestricted license to use that feedback and those comments for any business purpose.

9. **Licensee's Data.** With respect to data entered into the software or which Licensor may access through its performance of the Software for Licensee, Licensee's agents, and those Licensee authorizes to use the Software (collectively "Licensee's Data"), Licensee agrees and acknowledge that Licensee is solely responsible for the content of such data. Licensee represents and warrants to Licensor that Licensee will obtain all licenses and permissions needed to provide and/or license Licensee's Data to Licensor to enable Licensor to perform its obligations hereunder. Licensee represents and warrants to Licensor that providing and/or licensing Licensee's Data to Licensor under this Software EULA will not violate any applicable law or right of any third party. Licensee agrees and acknowledges that Licensee is solely responsible for ensuring that Licensee maintains proper backup or documentation necessary to enable Licensee to recover Licensee's Data in the event of corruption or data loss. Licensor is not acting as a disaster recovery Licensor for Licensee and will not be liable for the loss or replacement of Licensee's Data. Licensor will use commercially reasonable administrative, physical and technical safeguards designed to protect Licensee's Data. Licensee is solely responsible for costs or liability incurred due to unauthorized use or access through Licensee's or its users' account credentials or systems. Subject to the requirements in this Section 10 and 11, the parties agree that Licensor's Privacy Statement found at https://www.acuitybrands.com/privacy-statement will apply to Licensee's Data, as applicable.

10. **License to Licensee's Data.** Licensee hereby licenses Licensor the right to utilize Licensee's Data for the purpose of performance of Licensor's obligations to Licensee under this Software EULA and for the purpose of allowing Licensor to develop, test, and provide the Software and underlying software and documentation. Additionally, Licensee hereby licenses Licensor the right to extract from Licensee's Data certain information that, either alone or in conjunction with other information which Licensor may decide to include, can be used to make up anonymized data sets which Licensor may use for any lawful purpose in perpetuity. For the purposes of this Software EULA, anonymized data sets may include any of Licensee's Data on an aggregated basis except (a) Licensee's information which is protected by a separate license agreement between Licensee and Licensor, (b) information that can readily be used to identify a specific individual's identity (or as otherwise protected by applicable law), either alone or when combined with other information from another source, (c) protected health information which has not been de-identified in accordance with 45 CFR 164.514 or other applicable law, prior to incorporation in the anonymized data set, or (d) information which can be used to easily identify Licensee as the source.

11. **Publicity.** Unless otherwise stated on a Transaction Record, Licensee grants Licensor the right to use Licensee's name and logo (in accordance with any brand guidelines provided by Licensee in writing) in (a) its lists of Licensor's customers on its website and in promotional and marketing materials, and (b) communications intended for internal distribution.

12. **Confidential Information.** If Licensee and Licensor have entered into a separate Mutual Nondisclosure Agreement, then that document will supersede this Section 12, provided that the parties agree that the term of that Mutual Nondisclosure Agreement will be automatically extended to be coterminous with the License Term. Licensee acknowledges and agrees that the software, Software, and all documentation and other information related thereto or disclosed or delivered to Licensee in relation to this Software EULA represent Licensor's confidential and proprietary information. Licensor acknowledges and agrees that the information entered into the Software by or on behalf of Licensee represents Licensee's confidential and proprietary information. Each party agrees to keep the other's confidential and proprietary information secret by exercising the necessary care required to prevent its disclosure and to only use that information in furtherance of the rights and obligations expressly authorized by this Software EULA. Such obligations with respect to information deemed "trade secrets" under applicable law will remain in effect for as long as the information remains a trade secret. Obligations with respect to information that is not deemed to be a trade secret will remain in effect throughout the License Term and for a period of three (3) years thereafter. Should either party is subject to subpoena or public disclosure laws that require that party to disclose Confidential Information, if allowable by law that party will notify the other party of any orders or requests for disclosure of Confidential Information within a reasonable period so as to allow the other party to challenge such disclosure if the other party should choose to do so. The

party challenging disclosure will be responsible for any costs associated with such challenge.

13. **Warranty; General Disclaimer.** Licensor warrants that (a) Licensor will perform its obligations under this agreement in a professional and workmanlike manner in keeping with the standards of those of the industry, (b) the Software will operate in material conformity with the then-current documentation, and (c) Licensor's performance of its obligations hereunder will be in accordance with all applicable laws. Licensee warrants that Licensee will be solely responsible for any representations or warranties it makes with respect to the Software and will not represent or otherwise suggest otherwise, (b) Licensee will comply with all laws applicable to it and its use of the Software, and (c) Licensee will ensure that the Software will not be exported to, or used by, nor will the data gained therefrom be exported to, transshipped or re-exported to any nation, organization, or individual in violation of any applicable export laws of the applicable jurisdiction where the Software is "access or used" or "provided for access or use". Without limiting the foregoing, Licensee agrees that Licensor and its officers, directors, agents, and employees, will have no liability for errors or omissions in (a) the output of the Software, such outputs including, without limitation, the quality or accuracy of any screen displays or reports, (b) the operation of third party equipment controlled by the Software, and (c) the transmission and reception of data. Licensor does not represent or warrant that the Software will operate continuously or error free. Licensor is not responsible for the operation of any technology or third party service not controlled by or on behalf of Licensor, including the Internet. Licensee expressly accepts that the installation, establishment, and maintenance of proper safety controls and procedures and proper monitoring and operation of all equipment within Licensee's control is Licensee's responsibility and not that of Licensor, and hereby waives any claims of liability of Licensor to any damages that may result from such operation. Reliance upon the Software will not be considered a basis for transferring any portion of such responsibility to Licensor nor a basis for contributory or comparative liability. EXCEPT AS SET FORTH HEREIN, LICENSOR EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION THE WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR NONINFRINGEMENT.

14. **Special Warranty Disclaimer.** Licensee agrees and acknowledges that Licensor is providing Licensee with the Software as a tool which is to only be used by an individual of appropriate training and expertise as an adjunct to his or her professional judgment. Such individual will be solely responsible for reviewing all data put into and all data extracted from the Software to ensure that it meets all applicable professional standards and legal requirements as well as Licensee's needs and intent. Licensor does not represent or warrant and expressly disclaims that (a) the Software will properly scale or translate data between different software programs or data formats, and (b) the Software will conform any output to meet any professional standards or legal requirements. If Licensee uses the Software for basic testing or other temporary use as authorized by Licensor prior to the start of the License Term, then Licensee's use of the Software is only permitted for Licensee's confidential internal use for the limited period as stated by Licensor in writing and such use is licensed "AS-IS" without obligation of support or warranty of any kind, expressed or implied.

15. **Limitation on Liability.** SUBJECT TO THE REQUIREMENTS OF APPLICABLE LAW, IN NO EVENT WILL LICENSOR OR ITS AFFILIATES, OFFICERS, DIRECTORS, AGENTS, AND EMPLOYEES, BE LIABLE TO LICENSEE FOR CONSEQUENTIAL, EXEMPLARY, INCIDENTAL, OR INDIRECT DAMAGES OR COSTS (INCLUDING LEGAL FEES AND EXPENSES) OR LOSS OF GOODWILL OR PROFIT IN CONNECTION WITH THE SUPPLY, PERFORMANCE, USE OF OR INABILITY TO USE THE SOFTWARE OR IN CONNECTION WITH ANY CLAIM ARISING FROM THIS SOFTWARE EULA, EVEN IF LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR COSTS. SUBJECT TO THE REQUIREMENTS OF APPLICABLE LAW, THE MAXIMUM AGGREGATE AND CUMULATIVE LIABILITY OF A PARTY FOR ANY AND ALL CLAIMS UNDER THIS SOFTWARE EULA, REGARDLESS OF THE THEORY OF LIABILITY, WILL BE THE GREATER OF THE SUM OF THE FEES RECEIVED BY LICENSOR FOR PROVIDING THE SOFTWARE TO LICENSEE OVER THE TWELVE (12) MONTH PERIOD LEADING UP TO THE DATE THE CAUSE OF ACTION ACCRUED OR ONE HUNDRED DOLLARS ($100). EXCEPT AS LIMITED BY LAW, NO ACTION ARISING OUT OF THIS SOFTWARE EULA, REGARDLESS OF FORM, MAY BE BROUGHT MORE THAN ONE (1) YEAR AFTER THE DATE THE CAUSE OF ACTION HAS ACCRUED. THE PROVISIONS OF THIS SECTION 16 WILL NOT APPLY TO ANY CLAIM FOR BREACH OF CONFIDENTIALITY, VIOLATION OF A PARTY'S INTELLECTUAL PROPERTY RIGHTS, OR CLAIM FOR INDEMNIFICATION.

16. **Indemnification.** Each party (the "Indemnifying Party") will indemnify, defend, and hold harmless the other

party and its officers, directors, employees and agents (each, an "Indemnified Party") against any and all liabilities (including, but not limited to, losses, damages, expenses and reasonable attorneys' fees) arising from any claim brought against the Indemnified Party by an unrelated third party alleging injury, in whole or in part, resulting from (a) the negligence or willful misconduct of the Indemnifying Party, its officers, directors, employees, and agents, (b) the Indemnifying Party's materials (e.g., the Software and documentation for Licensor; the Licensee's Data for the Licensee) violates a trademark, copyright, patent, or other proprietary right of any unrelated third party, except to the extent that such claim is alleged to arise from a modification of the materials by anyone other than the Indemnifying Party, the use of the materials in combination with intellectual property not approved by the Indemnifying Party, materials which were delivered pursuant to the Indemnified Party's specific requirements, or use of the materials in a way not in accordance with any documentation or restrictions supplied by the Indemnifying Party to the Indemnified Party, (c) any violation of any law or regulation by the Indemnifying Party, its officers, directors, employees, and agents, including any violation of privacy rights; and (d) as to Licensee's indemnity obligations only, unauthorized use of or access to the Software, including through Licensee's facilities or systems.. In the event of a claim under part (b.) of this Section, the Indemnifying Party will, at its sole option and expense, have the right to procure for Indemnified Party the right to continue the use of the materials without interruption, replace or modify the materials to make their use non-infringing while being substantially capable of performing the same function, or accept return of the materials and refund a pro-rata portion of the fees for those materials. In all cases the Indemnified Party will promptly provide the Indemnifying Party written notification of the assertion of any claim (although failure to do so will only excuse liability to the extent that material prejudice results from the delay) and provide reasonable support in aiding the Indemnifying Party in any defense to a claim, at the Indemnifying Party's reasonable cost. The Indemnifying Party will have sole control over the defense or settlement of any claim, provided that neither Party will agree to any settlement that places any financial or public burden upon the other Party. This Section states the entire liability of the Parties and each Party's sole remedy with respect to any claim for infringement under part (b).

17. **Verification.** On the reasonable request of Licensor, Licensee will furnish Licensor with a signed statement that the Software and the Program Concepts are being used pursuant to the terms and conditions of this Software EULA. If Licensor has reason to believe that the Software or the Program Concepts are not being used in accordance with the terms and conditions of this Software EULA, Licensee will permit Licensor to review Licensee's relevant records and inspect Licensee's facilities to ensure compliance with this Software EULA. Licensor will conduct such inspection during normal business hours in a manner that does not unreasonably interfere with Licensee's business operations. If such audit shows that Licensee has exceeded the license set forth in Section 1, in addition to other rights it may have, Licensor will be entitled to invoice, and Licensee will promptly pay, an amount equal to one-hundred- fifty percent (150%) of the fees beyond those paid which would have been payable to Licensor from the beginning of the License Term for a suitable license.

18. **U.S. Government Restricted Rights**. The following applies to all acquisition of the software by or for the U.S. government or by any prime contractor or subcontractor under any contract, grant, or other activity with the U.S. government. The software and the Software related to such software provided to Licensee hereunder are "commercial items" as that term is defined at 48 C.F.R. 2.101 (October 1995) consisting of "commercial computer software" and "commercial computer software documentation" as such terms are used in 48 C.F.R. 12.212 (Sept. 1995) and other applicable acquisition regulations and are provided to the U.S. Government only as a commercial item. Consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.7202 (June 1995), all U.S. Government users and licensees acquire the software and its associated documentation with only those rights and subject to the restrictions set forth in this Software EULA. Notwithstanding the foregoing, the software may not be acquired by the U.S. government pursuant to a contract incorporating clauses prescribed by FAR Subpart 27.4 (June 1987) or DFARS Subpart 227.4 (Oct. 1988). If this Software EULA is inadequate to meet the government's needs or is inconsistent in any respect with Federal law, the government should return the software, unused, to Licensor.

19. **Injunctive Relief.** Licensee acknowledges that remedies at law will be inadequate to provide Licensor with full compensation in the event of Licensee's material breach of this Software EULA, and that Licensor will therefore be entitled to injunctive relief in the event of any such material breach without the need to post bond or prove the inadequacy of monetary damages. Regardless of any provisions to the contrary, Licensor will have no obligation to allow Licensee to cure Licensee's breach prior to seeking injunctive relief and will be entitled to seek such injunctive relief in any jurisdiction regardless of any choice of law or venue provisions.

20. **Governing Law and Dispute Resolution.** This Software EULA will be governed in accordance with the laws of New York (USA), without regard to choice of law principles. Any dispute, controversy, or claim between Licensor and Licensee relating to this Software EULA including, arising out of or relating to this Software EULA or their breach, termination, or validity, if not settled by mutual good faith negotiations will be resolved by final and binding arbitration administered by the International Centre for Dispute Resolution (ICDR) in accordance with the ICDR's then-current arbitration rules. The seat for arbitration will be New York, New York (USA), and all proceedings will be in English. Neither the Uniform Commercial Code, any part of the Uniform Computer Information Transactions Act (if adopted), nor the United Nations Convention on the International Sale of Goods will apply to this Software EULA.

21. **Legal Expenses.** Unless applicable law explicitly prohibits either party from recovering such costs or fees, in which case both parties agree that neither will be entitled to such costs and fees, the prevailing party in any dispute proceeding or litigation hereunder will be entitled, in addition to such other relief as may be granted, to recover reasonable related fees and the costs incurred. For purposes of the foregoing: (a) "prevailing party" means in the case of the party initiating the enforcement of the rights or remedies, that it recovered substantially all of its claims; and (ii) in the case of the party defending against such enforcement, that it successfully defended substantially all of the claims made against it; and (b) if no party is a "prevailing party" within the meaning of the foregoing, then no party will be entitled to recover its fees and costs pursuant to this Section.

22. **Onsite Services.** Licensor may agree to provide ancillary professional services as part of providing the Software (e.g., setup of a technology environment, configuration of software, data migration), for an additional fee. All such ancillary professional services will be governed by Licensor's Terms and Conditions for Field Software, available at https://www.Acuitybrands.com/support/warranty/terms-and-conditions.

23. **Compliance with Laws and Export Rules.** Licensee will be solely responsible for ensuring that Licensee's use of the software, Software, documentation, and Licensee's Data is in full compliance with all applicable laws and without violation of the rights of third parties. Without limiting the forgoing, Licensee represents and warrants that the Software and documentation will not be exported to, or used by, nor will the data gained therefrom be exported to, transshipped or re-exported to (a) any individual located in any nation to which export, transshipment, or re-export is prohibited by U.S. law or regulation, or other Governing Law (as set forth in Section 20), at that time (collectively, the "Restricted Nations"); (b) any business or organization owned, controlled by or acting on behalf of an individual, business or organization in a Restricted Nation; (c) the governments of a Restricted Nation or any business or organization owned, controlled by or acting on behalf of a government of a Restricted Nation; or (d) any individual, group or organization on the U.S. Department of Treasury's Office of Foreign Assets Control's list of Specially Designated Nationals or the U.S. Department of Commerce's Bureau of Export Administration's List of Denied Persons, or similar list maintained within the country of Provider's domicile (if not the USA), as each may be amended from time to time. Further, Licensee acknowledges and agrees that it has not taken, and will not take, any actions that may subject Licensor or any of its officers, directors or employees, or related parties to liability under the UK Bribery Act 2010, the Foreign Corrupt Practices Act of 1977, 15 U.S.C. §§78dd-2, the Corruption of Foreign Public Officials Act (Canada), or any other applicable laws relating to combating bribery or official corruption.

24. **Waiver / Severability.** The failure of to exercise or enforce any right or provision of this Software EULA will not constitute a waiver of such right or provision. Should any court or legal authority hold any provision of this Software EULA unenforceable or invalid for any reason, then Licensee and Licensor agree that such court or authority will attempt to craft an acceptable provision most closely resembling the intent of the offending provision, and if such court or authority is unable or unwilling to do so then this Software EULA will be construed as if such provision were never contained in this Software EULA.

25. **Assignment.** Licensee cannot assign, sublicense, or transfer this Software EULA without the prior written consent of Licensor. Any attempt by Licensee to sublicense, assign, or transfer any rights, duties, or obligations hereunder is null and void. Licensor may assign, sublicense, or transfer this Software EULA, in whole or in part, at will and without prior notice to Licensee.

26. **Notice.** All notices or approvals hereunder will be in writing and sent by certified or registered mail, postage prepaid, return receipt requested (or similarly evidenced overnight delivery), and will be deemed to have been given upon receipt. Notices will be provided to Licensee at the address set forth on the Transaction Records with

a copy provided by email. Either Party may change its address for such communications by giving notice thereof. Rejection or other refusal to accept, or the inability to deliver because of un-notified changed address, will be deemed to be receipt of the notice sent as provided above.

27. **Order of Precedence.** In the event that there is a conflict between this Software EULA and any other document, the following order of precedence will apply: 1. any Transaction Records signed by both an authorized representative of Licensor and an authorized representative of Licensee, provided that the document expressly and unambiguously states that this Software EULA, by specific reference, are subservient to the terms set forth in that document, then 2. this Software EULA, then 3. any Transaction Record signed by Licensor. Otherwise, neither party will be bound by any terms or conditions set forth in any other document, and all such terms are expressly rejected, such as those on a purchase order or invoice, even where they may have been otherwise enforceable based upon contractual concepts such as "acceptance by performance" and similar concepts.

28. **Merger.** This Software EULA, along with the Transaction Records comprise the entire agreement between Licensee and Licensor with respect to the Software and documentation, and supersedes any other agreement or discussion, oral or written.
